

Team spirit comes to the fore at Highways Magazine Golf Day

The 16th Annual Highways Magazine/IHE Golf Day was a great success raising £1,300 for the Lighthouse Club

The day kicked off with beautiful sunshine, bacon rolls and lots of team spirit.

All teams went out onto the course to compete and although a little windy at times the sun stayed strong allowing for a very enjoyable day.

Eight teams took part at the Whitefields Golf Course in Warwickshire, a testing 6,289 yards with a par of 71.

Afterwards the teams relaxed in the bar before the prize giving dinner where it was announced that the winners were Crown Construction Services.

In second place was the Highways team consisting of David Williams from Stanton Bonna, Simon Smith from Temporary Foundation Hire Ltd and Mike Hope and Richard Giles from Route Signs.

In third place was the TMCA All Stars.

The longest drive was won by Keith Flinn from Nuphalt.

Nearest pin was won by Richard Giles from Route Signs.

Unfortunately no one won our prize of a trip to the US Masters, but there is always next year!
